## **BIODIVERSITY EXPLORATION TOUR (16.09.2023)**

A Biodiversity Exploration Tour was organized by Science Dept./Eco Club of the college on 16<sup>th</sup> September 2023. The site for this was chosen Giri Ganga. Giri Ganga is a very beautiful and mesmerizing place hidden near Kharapathar in Tehsil Jubbal. It is 30 Km away from Sawra and it is very less crowded and full of nature. There is an ancient temple, a holy lake around the temple and there are no concrete buildings nearby. The temple is situated in the middle of a dense but beautiful jungle. From the Giriganga temple, there is a trekking trail that goes all the way to the Kuppar peak. So it is the best place for biodiversity exploration.

All the teaching faculty of Science Department i.e. Dr Lokraj Sharma from Chemistry Dept. , Prof Goverdhan Chauhan from Maths Dept., Dr Punam Chauhan from Zoology Dept. and Dr Radha Raman Gautam from Physics Dept. with 28 Science Students started their journey from the college at 10:00 am and reached to the site around 12:00 o'clock. First of all, we visited to the temple and some students took holy bath in the lake. Afterwards we headed to the forest. While trekking in the forest lane, students kept watching the vegetation and the landscape. This is a small alpine valley with pine and deodar forests. After trekking for about two hours we came back to parking area and then move to Khada Pathar for the lunch. Then we came back to college around 3:30 pm. Students were very excited and happy during the trip.

## Educational Trip to the Indian Institute of Advanced Study, Shimla

One day educational trip was organized by the department of Public Administration, LBS Govt. Degree College Saraswatinagar to the Indian Institute of Advanced Study, Shimla on 27 October, 2023. The tour comprised the students of Public Administration from BA 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> year accompanied by the faculty member, Assistant Professor Diksha Kumari from the department of Public Administration. All the students were directed to gather at the college gate at 7:00am.

We started our journey at 7:30am with the bus and reached at 12:00pm at the location. We bought tickets to visit inside the advanced study. We wandered around outside until our turn came to visit inside. The guide took us inside the advanced study around 1 pm. The guide told us about the history of advanced study.

The building that houses the institute was originally built as home for viceroy of India and was called the Viceregal Lodge. After independence, the building was renamed as **Rashtrapati Niwas**. Presently, the Indian Institute of Advanced Study is a research institute. It was setup by the Ministry of education, Govt. of India in 1964.

It was a new, interesting and informative experience for all of us. We departed at 2:30pm from there to Saraswatinagar and reached at 7pm. It was a safe, enjoyable journey with lots of information.

### Industrial Visit Saraswati Nagar to Vishal Mega Mart Rohru and Fruit Mandi Mehndli

An industrial visit was organized by the Commerce Department of LBS Govt. Degree College Saraswati Nagar on 16 September 2023. This visit was to Mega Mart Rohru and Fruit Mandi Mehndli in which Professor Sandeep Kumar, Professor Man Mohan and Miss Shikha Chauhan along with 47 students participated. Around 10:30 am, everyone left the college campus towards Mega Mart and reached there at 11:00 am. After reaching there, the students visited all the sections like Kids section, Men section, Women section, Crockery section and Groceries section. Students learned about marketing techniques, their methods of buying and selling and talked to the employees and Manager of the store. After that, around 1:00 pm, everyone left for the Fruit Mandi Mehndli and after reaching there at 1:30 pm, saw Apple selling method. Apples were being sold and bought by the KG in the Fruit Mandi. The students talked to the middleman about Apple's method of buying and selling and learned about the current price. After this, everyone left the place at 2.30 pm, took refreshment and returned back. This ended our industrial visit which enriched our students with an exposure to functioning of industrial units.
